Housing Crisis?
Not sure how you will pay your rent? Homeless?
Agencies resources are limited.
Try to resolve the crisis on your own before contacting the agencies listed.

1. **Talk to your Landlord/Apartment Manager**
   a. Let them know you are having difficulty paying your rent. Figure out when/how you will get caught up on your rent. Request a payment plan. Occasionally a landlord will allow a tenant to work off some of their rent. Ask if that is possible.
   b. Learn to be a better renter by visiting the Attorney General’s website to view Landlord/Tenants Rights Handbook at [www.ag.state.mn.us/Office/Publications.asp](http://www.ag.state.mn.us/Office/Publications.asp).

2. **Increase Your Income**
   a. Review your W4. Are you claiming all the allowances for which you are eligible? Consider increasing your allowances. Fewer taxes are deducted from paychecks so net pay will be larger. (Tax refund will be smaller.) To access a W-4: [www.irs.gov/formspubs/index.html](http://www.irs.gov/formspubs/index.html). To determine how changing W4s affects paychecks: [www.paycheckcity.com](http://www.paycheckcity.com).
   b. Ask for more hours at work &/or get a 2nd job. Visit your local CareerForce (formerly known as WorkForce Center) to access computers & attend Creative Job Search classes. Register with temporary employment agencies.
   c. Donate plasma. You can make over $200/mo. (If you receive assistance from the county or another agency, these payments may affect your benefits. Remember to report all income.)

3. **Decrease Your Expenses/Use Income Wisely**
   a. Prioritize your bills. Imagine a week without a cell phone. Now imagine a week without a home.
   b. Cancel or reduce things that are not necessities (cable, Internet, etc.). Money management assistance is available through Lutheran Social Services at 888-577-2227. A web based money management curriculum is available at [www.feedthepig.org](http://www.feedthepig.org).

   d. Move to a less expensive unit if you can’t afford your current one. Read your lease; give your landlord proper notice. Try to find housing that is 40% or less of your income. (People who spend over 50% of their income on housing are more likely to lose that housing.) Contact prospective utility companies to find out average monthly utility expenses.
