Minnesota Valley Action Council is a community action agency that serves the nine counties in South-Central Minnesota. Since 1965, MVAC has delivered more than \$500 million dollars in services to create opportunities for people and communities. The majority of those funds helped stimulate our local economy as they were spent with local small businesses on behalf of low to moderate income families. MVAC provides assistance to families with its core programs - Thrift Stores, car donation, tax prep assistance, homelessness prevention, rental assistance, energy assistance, Head Start school readiness, work skills preparation, dislocated worker assistance, weatherization, and home improvement loans. These programs create opportunities for them to become self-sufficient.

Proceeds to benefit MVAC's Home Repair Loan Program:

As the boomer population is aging, the need to assist those in our area is growing. 29% are disabled. Many are living on a fixed and limited income. Keeping their home in good repair or updating the home to provide accessibility for health reasons is essential to allow them to live at home. Statistically, it is far more economical to keep a person in their home rather than move to an assisted living residence. On a limited budget, households are choosing to go without essential items or make the improvement. This program would allow repairs to be addresses before it becomes too critical. By having these low repayment options, households have affordable payments while making sure the program becomes self-sustaining.

When you support Minnesota Valley Action Council, you are supporting our communities. MVAC is proud to be a non-profit where 96.7% of the budget goes directly to the programs that we provide.
