WHO WE ARE:

Minnesota Valley Action Council is a community action agency that serves the nine counties in South-Central Minnesota.

Since 1965, MVAC has delivered more than \$500 million dollars in services to create opportunities for people and communities. The majority of those funds helped stimulate our local economy as they were spent with local small businesses on behalf of low to moderate income families.

MVAC provides assistance to families with its core programs - Thrift Stores, car donation, tax prep assistance, homelessness prevention, rental assistance, energy assistance, Head Start school readiness, work skills preparation, education assistance, weatherization, and home improvement loans. These programs create opportunities to become self-sufficient.

When you support Minnesota Valley Action Council, you are supporting our communities. MVAC is proud to be a nonprofit where 96.7% of the budget goes directly to the programs that we provide.

WHERE DO THE PROCEEDS GO?

As a community action agency, MVAC identifies and attempts to fill financial gaps within our communities and fills that need to provide a more equitable region.

Lip Sync Battle proceeds will benefit the "Community Services Unmet Needs" micro-loan program.

Micro-loans will be made available to those that are experiencing a financial hardship to continue with school or getting to work. The need might be for school supplies or possibly transportation. To ensure success, the payments will be affordable and within the participant's budget.

By having these low repayment options, participants will have affordable payments and build good credit while making sure the program becomes self-sustaining.
